Message
from the Executive
Chairperson

**Prof. Dr. Sriram
Bhagut Mathe**

**Dear Students, Alumni, Parents, Guardians,
Faculty, Staff, Friends and Well-wishers of Xavier
Academy (XA) and Kathmandu Don Bosco College
(KDBC),**

As I write this message, I am once again reminded of what the famous American educationist, John Dewey, has stated “**Education is not preparation for life, but it is life itself**”. Inspired by this powerful message, we are engaged in the very fulfilling and honorable task of not only preparing our students for life but ensuring that they enjoy life to the fullest, inside and outside the classroom. The CCA activities such as essay writing, elocution, debating, Model United Nations and the career and motivational talk programs and the various ECA clubs have been designed and implemented to ensure that our students develop holistically and have the 21st century skills and the total personality to cope with whatever challenges come their way in future.

The past few months have been very hectic but very fulfilling, hectic because we had to meet our Class XI enrollment target of 223 students, which we managed to do with everybody's efforts and painstaking work, and fulfilling as we have managed to achieve excellent results in the recently published Class XII results, with 100% results in science and 94% results in management. 92.89% of our science

students and 79.75% of our management students scored more than 3.2 GPA, out of which 21.18% of our science students and 27.85% of our management students scored more than 3.6 GPA. The BBA and MBA results have also been very impressive with Alina Sapkota, who topped the MBA 2021 batch, awarded the Gold Medal during the 12th Convocation of Purwanchal University held on April, 26 2024. In the recently published 8th semester BBA results, all our students passed. We wish to congratulate all the XA and KDBC students who passed the various examinations and wish them even better success in their future examinations and endeavors. For those who did not succeed, please persevere and you will certainly be successful.

Many of you may be aware that for the past few months, we have been very busy discussing and planning for a new building, that will reflect our long-term vision of becoming part of a private Sagarmatha University, which will embrace technology and offer quality and holistic education. To this end, we converted all our classrooms into smart classrooms last year. This year, we are transforming into a smart institution by focusing on project-based learning and investing even more in smart technology. Next year, we hope to start the construction of our new building, which will reflect our increasing focus on AI and help us prepare to cope with the 5th Industrial Revolution.

I am pleased to inform all of our many friends and well-wishers that we formulated a design brief for the new building in consultation with Society of Nepalese Architects (SONA). This was circulated to all the Board Members. A conceptual design was conducted. Altogether, 48 A&E firms registered to compete. By the deadline of 15 July 2024, a total of 38 firms/individual(s) submitted their conceptual designs. A 5-member jury evaluated all the

conceptual designs and shortlisted the best 5. The presentations and viva-voce were conducted on 30 July 2024 and the winner was announced in a special design award ceremony, which was included as part of XA's 27th Anniversary and Freshers' welcome. The 5 finalists were given certificates of achievement, tokens and cash prizes. The contract will be signed with the winner by the end of August, the detailed design will be finalized by mid-October 2024, the detailed working drawings, specifications, BOQ, will be finalized by mid-January 2025 and the necessary permission and contractor will be selected by mid-March 2025 so that the construction can be started by 1 April 2025. Hopefully, the building will be fully completed to coincide with XA's 30th Anniversary program on 1st of August 2030.

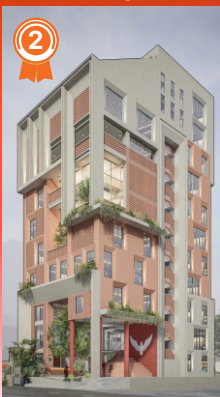

We are extremely excited with all the positive developments so that we can continue to be one of the top ten reputed +2 institutions as well as one of the most prestigious and sought after BBA and MBA/eMBA institution in Nepal and, eventually, be a part of trend-setting, innovative private Sagarmatha University, sometime in the near future. We will need the blessings and prayers of all of our many friends, well-wishers, and alumni so that we can continue to excel in this very competitive environment where even many reputed institutions are resorting to unethical and cut-throat practices.

In conclusion, I wish to thank all the parents / guardians of **Class XI students who have entrusted their children in our care. I wish to assure them as well as reassure the parents of Class XII students as well as all the BBA and MBA/eMBA students and their parents/guardians that we will continue to give them the best of education and develop their total personality so that they will enhance the reputation of XA and KDBC and make our country proud.**

NEWS & EVENTS

XAVIER ACADEMY

From the Principal's Desk

Parents of Xavier Academy and Kathmandu Don Bosco College,

Salutation!

This news letter sums up the colleges' progress from May 2024 to August 2024. The news letter will give a brief synopsis of the college's progress and development.

My dear students of XA

As we embark on a new academic year, we warmly welcome our new batch of students, eager to support them in their journey to learn, grow, and blossom into individuals capable of effecting positive change in our world.

I am delighted to share that our admissions have been incredibly fulfilling, with 88 students in Management and 141 in Science. As our college celebrates 27 years of excellence, we proudly uphold our legacy of academic distinction and our commitment to producing achievers who contribute

significantly to the nation's human resources. Discipline remains the cornerstone of our success, and we believe it is fundamental to achieving any meaningful outcome.

We also take immense pride in our infrastructural developments. Our efforts to enhance the learning environment include transforming classrooms into smart spaces, beautifying our campus with fresh paint and new curtains, and adding value with the installation of an elevator. Soon, we will begin work on a new building that embodies a futuristic design and modern concept, equipped with advanced IT and AI features to meet the needs of our youth.

Even as we integrate these modern facilities, our foundation of academic excellence remains unshaken. XA will continue to be **the Institution that Cares.**

My dear KDBCians,

It brings me immense pleasure to see our student body growing, not only in numbers but also in terms of quality and strength. The college has always prioritized quality education and has consistently strived to maintain the highest academic standards. We take great pride in our students and alumni who have completed their studies and gone on to achieve significant success in their careers. The growth of our BBA program is a testament to the college's commitment to nurturing talent, and we are proud to have played an instrumental role in facilitating successful placements. Many of our students, who initially joined organizations on a contract basis, have secured permanent positions in esteemed financial and corporate institutions. It fills our hearts with pride to receive positive and constructive feedback from your host organizations. We are actively working to create even more placement opportunities for all of you.

The farewell for our BBA students was a memorable event, graced by the presence of our Dean, Dr. Sandesh Das Shrestha, and beautifully organized by the KDBC Student Welfare Council. We are particularly proud of our first SWC body, and look forward to constructive events and outcomes in the future.

The BBA 8th semester - 2019 Batch completed their undergraduate program with a remarkable 99% pass record, while the MBA 4th 23rd Batch achieved a perfect 100% pass rate.

At KDBC, our management team is deeply committed to supporting students in their academic pursuits. Our Chairperson, Prof. Dr. Sriram Mathe, has personally addressed the students, motivating them to study diligently. He emphasized that true progress is directly linked to quality academic efforts, and any success achieved through unhealthy means is short-lived.

We are dedicated to providing a conducive learning environment, where education thrives through the combined efforts of our expert teachers and the passionate interest of our students. The University's role is vital in ensuring smooth operations, and I am pleased to confirm that we will strictly adhere to the academic calendar provided by the University.

With BIT program on the horizon, we anticipate significant growth in our college's strength—both quantitatively and qualitatively.

I encourage you to recommend our college to your family and friends, as I can assure you that maintaining quality will always be our prime focus..

HEARTFELT CONDOLENCE

In Memoriam: Shri Prakash Shrestha

10 Nov 1949 - 2 May 2024

It is with profound sadness that we announce the passing of our beloved Mathematics teacher, Shri Prakash Shrestha, on May 2, 2024. He was a dedicated educator, a mentor to many, and an integral part of the XA family. His contributions to our academic community were immense, and his legacy will continue to live on through the lives he touched and the knowledge he imparted. On behalf of XA, we extend our deepest condolences to his family, friends, and students during this difficult time. Shri Prakash Shrestha will be dearly missed, and his memory will forever remain in our hearts.

CHAIRPERSON'S MOTIVATIONAL ADDRESS

15 Apr 2024

Chairperson, Prof. Dr. Sriram Bhagut Mathe, addressed Grade XII students as they were nearing the end of their journey at Xavier Academy. In his speech, he emphasized the importance of unwavering dedication and hard work in preparation for the upcoming NEB Exam. Dr. Mathe highlighted that success in these exams is a crucial step towards their future endeavors and encouraged students to remain focused and resilient in their studies. His words served as an inspiring reminder of the value of perseverance and determination in achieving their academic goals.

FIRST OPEN HOUSE EVENT

27 Apr 2024.

On April 27, 2024, we hosted our first annual Open House, inviting prospective students and their families to explore our academy. Parents and students enjoyed guided campus tours, showcasing our facilities and beautiful outdoor spaces. Interactive sessions allowed visitors to engage with faculty and current students, providing a hands-on experience of our programs. Thank you to all who attended and contributed to this successful event.

EMBRACING TECHNOLOGICAL ADVANCEMENTS: THE NEW SMART ELEVATOR

9 May 2024

Keeping abreast of technological changes, Xavier Academy has lived up to its promise of being a smart college - from smart classrooms to smart stairs. Recently, we added a smart elevator to our campus, enhancing both functionality and aesthetics. This new inclusion not only adds to our smart look but also provides a seamless experience for visitors. Additionally, it provides significant benefits for students with health issues, ensuring they can navigate the campus comfortably. This upgrade reflects our continuous commitment to innovation and accessibility.

AI & ROBOTICS AT XAVIER ACADEMY

10 May 2024

On 10 May, Xavier Academy signed a Memorandum of Understanding (MoU) with Durshikshya, marking the beginning of an exciting new chapter. This partnership will open avenues for our students interested in advancing in the fields of AI and robotics. The MoU signifies our commitment to providing cutting-edge educational opportunities and resources. Students will now have access to specialized training, workshops, and collaborative projects with industry experts. This initiative aims to cultivate a culture of innovation and technological prowess at Xavier Academy. We are thrilled about the opportunities this collaboration will bring and look forward to seeing our students excel in the AI and robotics sectors.

CONCEPTUAL DESIGN COMPETITION

3 Jun 2024.

Xavier Academy, in collaboration with the Society of Nepalese Architects (SONA), is currently hosting an extraordinary Conceptual Design Competition. This excellent opportunity allows young and aspiring architects to highlight their talents alongside established A&E firms. Participants are tasked with producing conceptual designs that are futuristic, functional, cost-effective, sustainable, and universal. Registration commenced on Sunday 2 June 2024 and will close on June 16, 2024, with submissions due by July 15, 2024. Prizes will be awarded to the top five submissions, with the best entry earning the prestigious design contract. This event underscores Xavier Academy's commitment to fostering creativity and excellence in architecture, while also setting an example for other institutions to conduct similar competitions. We eagerly anticipate innovative ideas, and creative solutions to emerge from this competition.

GUEST SESSION ON 'UNCONCIOUS BIAS- UNDERSTANDING AND MITIGATING BIAS IN BUSINESS'

21 Mar 2024

Kathmandu Don Bosco College (KDBC) hosted an insightful learning session titled "Understanding and Mitigating Bias in Business." The session aimed to raise awareness about unconscious bias and explore strategies to address it in professional settings.

The eminent speaker for the session was Pranay Raj Shakya, Founder President and Social Researcher at Lead the Change International. Accompanying him was Melina Rai, whose contribution enriched the discussion.

Pranay Raj Shakya, a renowned Personal Development Coach and Transformation Facilitator, led the session with expertise and insight. Through

engaging dialogue and thought-provoking examples, he delved into the complexities of unconscious bias and its impact on decision-making in business environments.

Our Chairperson's presence and thoughts sharing also added a unique perspective to the discussion, enriching the learning experience for all attendees.

The session received widespread appreciation from the students, who found it informative and thought-provoking. They expressed eagerness for more such sessions from the guest speakers in the future.

In conclusion, the "Understanding and Mitigating Bias in Business" learning session was a valuable addition to KDBC's academic discourse, equipping students with the knowledge and insights necessary to navigate bias in professional settings effectively.

12TH CONVOCATION PURBANCHAL UNIVERSITY

26 Apr 2024

Kathmandu Don Bosco College (KDBC) is delighted to celebrate a significant milestone achieved by our MBA graduates. Recently, 30 of our accomplished MBA students, along with the Program Head and Senior Program Officer, participated in the 12th Convocation of Purbanchal University in Biratnagar. At this prestigious ceremony, these diligent individuals were awarded their final degree certificates, marking the successful conclusion of their intensive academic journey.

We are particularly proud to highlight that Ms. Alina Sapkota from the MBA class of 2021 was honored with a Gold Medal for topping the MBA examinations of that year. Her exceptional achievement reflects the high standards of excellence upheld by our program.

The convocation was a momentous occasion, celebrating not only the end of their MBA studies but also the beginning of new professional adventures. The ceremony was a vibrant display of pride and accomplishment as KDBCians joined graduates from across the university in acknowledging their hard work and dedication.

This remarkable achievement underscores the commitment and perseverance of our graduates. We extend our heartfelt congratulations to each of them as they embark on the next chapter of their careers, confident in the skills and knowledge they have gained.

KDBC ANNUAL FACULTY MEETING

27 Apr 2024

Kathmandu Don Bosco College's annual Faculty Meet 2024 was a noteworthy event, graced by the esteemed presence of Chairman Prof. Sriram B. Mathe, Principal Rashmi Sharma Mainali, and all BBA, MBA, and EMBA faculty members and staff. Held in a collegial and collaborative atmosphere, the meeting served as a platform for productive discussions on a wide range of academic and administrative topics. Following the session, attendees enjoyed a delightful lunch, providing an opportunity for informal interactions and further strengthening of bonds among the faculty.

The meeting began with a warm welcome by Bishow Raj Bhatta, BBA Program Coordinator, setting a positive tone for the day. Ms. Jamuna Karki, PhD, Program Head, then outlined the agenda and highlighted the key areas of focus for the discussion. Her presentation was followed by an address from

Principal Rashmi Sharma Mainali, who spoke on several crucial concerns facing the college. She addressed course requirements, the complexities of coordinating classes and exams, the importance of maintaining discipline, and the need to reflect on both the strengths and weaknesses of current practices.

One of the most valuable aspects of the meeting was the open forum, where faculty members were encouraged to share their views, opinions, and any grievances. This exchange was constructive and underscored the college's commitment to fostering an inclusive and supportive academic environment.

The meeting concluded with a collective sense of purpose and a renewed commitment to academic excellence. The discussions and feedback provided a strong foundation for ongoing improvements in teaching, administration, and overall college management.

RESEARCH FROM A DIFFERENT PERSPECTIVE- HEART HEALTH

15 Jul 2024

Dr. Manish Shrestha, a Pediatric Cardiologist at SGNHC, recently shared his research experiences with BBA students, offering valuable insights into the intersection of research and medical science. Invited by Mr. Subash Shrestha, a faculty member of KDBC, Dr. Shrestha provided an in-depth look at how research plays a crucial role in advancing pediatric cardiology. Despite his busy schedule, Dr. Shrestha's dedication to educating students about the impact of research in medicine was greatly appreciated.

Dr. Shrestha's presentation included a particularly enlightening study on heart disease in children from rural areas, highlighting the often-overlooked aspects of medical research. He explored how children, typically not considered a dynamic group for heart disease studies, can offer unique and valuable insights. This out-of-the-box approach emphasized the importance of innovative thinking in research. His talk broadened the students' understanding of how research contributes to medical advancements and served as an inspiration by showcasing the significant impact of dedicated research on improving healthcare outcomes. We extend our sincere thanks to Dr. Shrestha for his time and to Mr. Subash Shrestha for facilitating this insightful session.

EXPLORING THE FUNDAMENTALS OF THE STOCK MARKET

19 Jul 2024

A recent session on the fundamentals of the stock market offered BBA students valuable insights from Sagar Upreti, an executive in Business

Promotion and Communication at Nabil Investment Bank Limited. As an alumnus of KDBC's MBA 7th batch, Mr. Sagar Upreti shared his extensive knowledge of stock market products and investment strategies. He highlighted the importance of understanding market dynamics and encouraged students to actively engage with the stock market to enhance their financial literacy.

Mr. Sagar's discussion included an overview of various investment products and insights into the broader investment landscape. He also shared his personal journey in the investment sector, providing students with a real-world perspective on the industry. We extend our heartfelt gratitude to Mr. Sagar Upreti for his time and the invaluable knowledge he imparted to our students.

EQUIPPING KDBC STUDENTS WITH RISK MANAGEMENT EXPERTISE

25 Jul 2024

Kathmandu Don Bosco College (KDBC) recently hosted an expert session on risk management, led by Mr. Puneet Malhotra, Director of the Global Risk Management Institute (GRMI) in Gurgaon, India. Mr. Malhotra provided invaluable insights on navigating and mitigating risks effectively, crucial skills for today's business environment. Remarkably, he traveled from India in the morning and, despite a hectic schedule, dedicated his time to share his expertise with our students. This dedication is deeply appreciated by the KDBC community. In an exciting development, KDBC and GRMI have joined hands to offer scholarships for our students who decide to pursue further studies at GRMI. This collaboration underscores the excellent job prospects in the field of risk management, with GRMI being one of the premier institutions in this domain. The session highlighted the significant career opportunities available to students with specialized training in risk management, reinforcing the value of practical knowledge and industry connections.

Furthermore, the partnership between KDBC and GRMI will provide our students with top-tier education and enhanced career opportunities, ensuring they are well-equipped to succeed in the competitive field of risk management. This collaboration marks a significant step forward in providing our students with the resources and support they need to thrive professionally.

OPERATIONS MANAGEMENT OF NCELL

1 Aug 2024

On 1st August 2024, Kathmandu Don Bosco College had the privilege of hosting an insightful guest session for our BBA students, led by Bipin Chauhan, a specialist in Customer Relations from the Complaint Resolution & Analytics Team. Ncell, a leading telecommunication company, operates efficiently with only 30 core employees despite its vast scale. This session was part of our ongoing efforts to bridge the gap between academic learning and real-world industry practices.

Our gratitude goes to Bipin Chauhan for sharing his expertise and to Deepak Thapa, Faculty Member for organizing the session. This event highlighted KDBC's dedication to bridging academic learning with industry practices, offering students practical knowledge to enhance their understanding of business operations.

The session was interactive, with students engaging in meaningful discussions and gaining a deeper understanding of how the theories they study in the classroom are applied in professional settings. Bipin's expertise and real-world examples helped students connect their academic knowledge with industry practices, offering them a clearer perspective on their future careers.
